

Suggested Uses

Car Rentals

X-O Odor Neutralizer eliminates car rental odors naturally and safely. Whether you want to eliminate the odors left behind by others or eliminate the odors left behind by your usage, you can rest assured that unlike other air fresheners that may contain chemical fragrances or enzymes, X-O is completely non-toxic, plant-based, pH neutral and safe to use directly on people and pets. You can use it within the confines of your rental car and be 100% assured of its safety.

X-O products can simplify car wash operations and at the same time ensure the best cleaning standards with absolute safety for people and the environment. Our products save time and money because they work well and are convenient and easy to use. Call 1-800-442-9696 and ask for your free copy of the X-O Odor Control & Cleaning Guide.

X-O Odor Neutralizer (XOPR) – Air freshener

Concentrated X-O Odor Neutralizer (XOXC) – Odor Eliminator

X-O PLUS Cleaner (XOPR) – Ready to use all purpose cleaner and air freshener – neutralize odors as you clean.

Concentrated X-O PLUS Cleaner (XOPC) – Water soluble all purpose cleaner and odor neutralizer. Will buff to a shine.

Dilution Rates: XOXR is ready to use. XOXC dilutes 1:3 parts water for spray applications: ½ oz. per gal. of water for wet mop/wipe down applications. XOPC dilutes 1 oz. per gal of water for general cleaning and at the same time dilution as the shampoo in carpet extraction equipment.

General cleaning: Use XOPR sprayer for detailing interior surfaces (paint work, fiber-glass finishes, plexi-glass windows, chrome, upholstery, carpets and interior trim). Spray and wipe streak free.

Applications: Use XOPR and XOPC to clean hard and soft surfaces including metal, Formica, glass, vinyl, ceramic, terrazzo, quarry tile, wood, carpets, fabrics and upholstery; any surface that water will not damage. Use XOXR and XOXC as an air freshener as needed.

Auto cleaning: Use XOPR sprayer for detailing all automobile surfaces (glass, chrome, upholstery, carpets and interior trim). Spray and wipe streak free.

Directions

Cigarette smoke odor & mildew odors: Spray XO inside the vehicle and close doors and windows.

Skunk, vomit and diaper odors: Remove source, spray XO into the interior of the vehicle and close doors and windows.

Decomposition, fish, food and cadaver: Remove source and cleans stains. Spray interior of the vehicle thoroughly with XOPR.

Car wash: 1 part XOPC to 500 parts of tank water. Use 1 oz. XOPC per gallon of water as a detailing spray inside and outside the vehicle. Wipe dry with clean towels.
